

# Do you have summer travel plans?

There has been an increase in ATM fraud cases within the United States . Please be extra vigilant while traveling this summer. If you use an ATM please be aware of Card Skimming (a device that is put over the card slot which retrieves your card number, expiration date and PIN). Also, be observant of any mirrors or brochure holders above where you input your PIN number at the ATM Machine.

Please let us know when you are traveling. This will enable us to make the necessary documentation. Also, be sure we have your current phone, cell number and e-mail address so we can contact you in the event of suspicious transactions on your account.
